

PRISMA 2020 Checklist

Item	Requirement	Location/reporting
1	Title identifies a systematic reanalysis	Title page
2	Structured summary	Abstract
3	Rationale	Introduction
4	Objectives	Introduction, final paragraph
5	Eligibility criteria	Methods: Search strategy and eligibility
6	Information sources and last search date	Methods; Supplementary Table S19
7	Full search strategies	Source_Data_M19.zip search logs
8	Selection process	Methods; Figure 1; Supplementary Table S1
9	Data collection process	Methods: Expression processing
10a	Outcomes and variables	Methods
11	Risk of bias/confounding assessment	Robustness/QC and Limitations
12	Effect measures	Methods: Hedges' g
13a	Synthesis eligibility	Methods
13d	Sensitivity analyses	Results and Supplementary Tables S9-S15
14	Reporting bias	Not formally estimable with three primary studies; stated in Limitations
15	Certainty assessment	No formal GRADE; bounded inferential language in Discussion
16a	Study selection	Figure 1
17	Study characteristics	Table 1; Supplementary Table S2
19	Individual study results	Figure 4; Supplementary Tables S5-S6
20	Synthesis results	Results; Figures 3-4
22	Certainty	Discussion and Limitations
23	Discussion	Discussion
24	Registration/protocol	Not registered; stated explicitly
25	Support	Funding
26	Competing interests	Competing interests
27	Availability	Data and Code availability
